

## FORMER DEPUTY LINDLE AND POSSEMEN ACQUITTED.

Verdict Was Greeted With Vigorous and Persistent Applause.

### OLD MEN IN TEARS AND MANY PEOPLE JUBILANT.

Trial Judge Says He Never Saw Such Interest Taken in a Case.

Thinking People Realized Importance to County's Future of This Decision.

The famous murder trial, involving the liberty of Former Deputy Sheriff J. R. Lindle and Possemen Wade McIntosh and Ed Johnson, ended Saturday morning at Madisonville, when the jury brought in a verdict of acquittal, after having had the case for twenty-four hours. The killing for which these men were on trial occurred January 21, 1901, when a clash occurred between the posse and a body of armed union miners, who were marching toward the properties of the Carbondale and Crabtree Coal Companies in this county. The officers were trying to enforce a proclamation of the sheriff prohibiting unlawful congregations and demonstrations for the purpose of intimidation in the neighborhood of the coal mines of the county, where the non-union men were peaceably employed. The officers were fired on while Deputy Lindle was in the act of reading the proclamation and the first two shots were at such close range that they powder-burned Lindle's face. The fire was returned by the posse and two of the leading file of the miners' side were killed. The verdict vindicates the testimony of the defendants that they only fired in self defense, and meets general approval throughout Hopkins county. When the verdict was announced the crowded court room broke into irrepressible applause and the enthusiasm spread at once over the town and county. Madisonville was crowded with farmers and citizens from the outlying towns and great interest was manifested in the result. The Southern portion of Hopkins county, where are located the big coal mining operations, was at once in a jubilee over the acquittal. At the first trial two years ago a jury rendered a compromised verdict, sentencing the three men to two years in the penitentiary. Immediately after giving this verdict three of the jurymen made affidavits that six of their number were, during all the deliberation of the jury, in favor of acquittal, but that they had agreed to the verdict only as a compromise with contending factions of the jury. The case went to the Court of Appeals and the lower court was reversed. Judge Ira Julian, of Frankfort, presided in the last trial as special judge, by appointment of Governor Beckham, Judge J. F. Gordon, of this district, having formerly been an attorney in the case.

Judge William H. Yost, of Greenville, Ky., who has for two years been the chief attorney for the United Mine Workers of America, took leading part in the prosecution with Commonwealth's Attorney John Gray. The local attorneys for the defense were assisted by Congressman Ollie James, of Marion, and Judge James Breathitt, of Hopkinsville. Nearly all the witnesses for the Commonwealth

were impeached in this trial. There is a feeling of strong approval among the substantial people of the county because the officers of the law are vindicated, and the acquittal is looked upon as the greatest victory for law and order that has been achieved in Hopkins county for many years.

Speeches in the case were made by W. H. Yost, County Attorney Ruby Lafoon and Commonwealth's Attorney John Gray, for the prosecution. On the side of the defense Congressman Ollie James, Judge James Breathitt and J. F. Dempsey addressed the jury. The speeches of Messrs. James and Breathitt are spoken of by experienced listeners as masterpieces of oratory and logic.

The case went to the jury a little before noon on Friday and after about four hours deliberation the jury reported they could not agree. The jurymen were admonished by the court that the case was a very costly one to the Commonwealth and had already been postponed long and they were sent back to the jury room to consult further and find a verdict, if possible. Common report now has it that the jury at first stood eight for acquittal and four for conviction, but that after carefully considering the evidence and studying the instructions, the four who were originally for conviction became convinced that the defendants should be cleared, and rendered their verdict accordingly.

The display of enthusiastic popular approval of the verdict was a surprise to the most sanguine friends of Former Deputy Sheriff Lindle and his possemen. Life long residents of the county; men of the highest standing and most spotless character; champions of law and order from their boyhood to present honorable old age, wept for joy when the verdict was announced. One old citizen embraced Wade McIntosh and kissed him. Congratulations to the jury were general and genuine, and it now appears that no verdict ever met with such general approval on the part of the thinking people of Hopkins county, who had come to realize that upon the decision in this case hung in a large measure the future welfare of the county.

The jury was composed of farmers from the northern portion of the county. Most of whom lived near Oak Wall. They were: John Buchanan, Jody Warren, D. C. Majors, H. F. Sutton, A. J. Jackson, Dennis Vaughn, Y. N. Vaughn, J. P. Ashby, D. W. Whittell, L. F. Crabtree, H. F. Berry, Robt. Ashby.

### JUDGE JULIAN SPEAKS OF THE LINDLE TRIAL.

Thinks Acquittal Will Put a Stop to Trouble in Hopkins County. (Sunday's Courier-Journal.) "I think the trial of J. R. Lindle and others, which resulted in their acquittal yesterday, will put a stop to the trouble between union and non-union coal miners in Hopkins county," said Judge

Ira Julian, the trial judge, who was at the Galt House last night. "I never saw such interest taken in a case as this one, and when the verdict was rendered the applause was so great and came from such determined persons that it was some time before I could restore order. The court-house was crowded at each session of court, and the spectators seemed to be as greatly interested as the persons on trial."

### THE FIGHT IS ON

Between the Pennsylvania R. R. and the Western Union Telegraph Co.

A special from Philadelphia says: Fifteen hundred miles of telegraph line put out of business, 15,000 miles of wire grounded, 60,000 poles chopped down and \$750,000 worth of telegraph property destroyed is the record of yesterday's developments in the Pennsylvania-Western Union fight.

The blow fell almost simultaneously in six states, Pennsylvania, New Jersey, Maryland, New York, Virginia and West Virginia. Fully 8,000 men, distributed along nearly 2,500 miles of railroad, were employed in the work of destruction. New axes were stored at convenient points. When the order came every section gang turned in to demolish the Western Union property. Thus the work was cut up into sections, averaging about two miles of railroad.

At 1:50 the work of destruction was started near the Delaware river bridge. By tonight the Pennsylvania officers expect to have every Western Union pole and wire down over every mile of railroad to which the order applied. The wire and poles will be loaded on construction trains and carried away. Then a bill will be rendered the Western Union for the cost of removing its poles and wires.

### CANTRILL TO VACATE

Court of Appeals Gives Opinion on Conduct Powers Case.

Frankfort, Ky., May 22.—The Court of Appeals today, in an opinion written by Judge Hobson, a Democratic Judge, rendered a decision sustaining the motion of Commonwealth's Attorney R. B. Franklin for a rule to compel Judge J. E. Cantrill to vacate the bench in the case of Cable Powers, which was called for a third trial at the May term of the Scott Circuit Court.

The court says today: "The opinion of the Court of Appeals in the case of Powers vs. the Commonwealth is binding on the Circuit Judge no less than this court. On return of the case to the Circuit Court it was incumbent upon the Circuit Judge to vacate the bench in obedience to the mandate of this court. No further showing was required."

### Kentucky Farmer Unearths Money.

At Wilmore, Ky., while Mr. Melvin Reynolds was plowing he unearthed \$4,550 in counterfeit twenty-five and fifty-cent pieces of issue between 1854 and 1864. During the year 1864 John Morgan camped on the site, and during that year Capt. Cook was shot to death while trying to escape after being arrested on a charge of counterfeiting. Previous to this time Cook had been arrested on the same charge and had served a term in the penitentiary and on his release it is presumed that he worked his old tricks and that the money found was some that he had hidden.

## THE K. P. A.

Will Meet at Lexington July 22d and 23d and Then Go On a Trip.

A meeting of the Executive Committee of the Kentucky Press Association was held Friday afternoon, May 22, at the Willard Hotel, Louisville, Ky., at which arrangements were perfected for the forthcoming annual meeting. Those in attendance were President Watkins and Secretary Morningstar, members ex-officio; Chairman Louis Landram, editor of the Central Record, and Committeeman E. A. Gullion, editor of the Henry County Local; David B. Wallace, of the Warsaw Independent, and Thos. C. Underwood, editor of the New Era. Besides these, there were in attendance Messrs. J. W. Hopper, of Louisville; Harry McCarty, of Nicholasville, and Harry A. Sommers, of Elizabethtown, besides Mr. Lew B. Brown, editor of the Harrodsburg Democrat. The attendance being so good, forecasts a most interesting meeting.

The following invitation addressed to Chairman Landram, was received from Lexington, which city asks for the annual meeting:

"City of Lexington, Ky., May 8, 1903.—Louis Landram, Esq., Lancaster, Ky. My Dear Sir: I desire to extend to the Kentucky Press Association a most cordial invitation to hold its next annual meeting in Lexington and to promise to its members a warm welcome and the freedom of the city. The citizens of Lexington will, I feel sure, do all in their power to make the meeting of the association both pleasant and profitable to the members when they attend, if it will do us the honor of meeting here."

"I, myself, feel a peculiar interest in the Kentucky Press Association, having for over 25 years been closely identified with the press of the State and having founded the first daily paper published in Kentucky outside of the city of Louisville. "If you will be good enough to convey to the association the invitation which I extend in the name of the city of Lexington and use your efforts to induce them to hold the meeting here, I will endeavor to make the meeting in every way worthy of the high calling of its members. "With great respect, I have the honor to be yours very truly, H. T. Duncan."

On motion the invitation was accepted, and the date fixed for annual meeting was July 22. The association will remain in Lexington two days, having two business sessions and will then leave for Chicago, or such members as desire to go. The trip will be made to Toronto, Montreal and Quebec, with a side trip perhaps to Bar Harbor and to Niagara, but all the details have not been arranged. Only newspaper workers as defined by the constitution of the association are eligible for the trip. All the applications will be passed by President Watkins and Chairman Landram, who serve notice that occasional contributors, country correspondents and alleged stockholders will not be taken along. The intention is to have a representative party of actual newspaper workers, and any others can save themselves humiliation by not applying.

Care will be taken to have a good programme. Discussions will be had on topics of practical interest to the profession.

Editor Brown, of Harrodsburg, will present the association with a digest of all the State's advertising laws, this being the piece de resistance of the intellectual banquet. Editor Sommers will discuss good roads and newspapers, and other notable features will be presented. The programme will be arranged by a committee composed of President Watkins and Messrs. Underwood, Wallace, Hopper, Sommers and R. W. Brown. It will be announced when completed.

### Kidnapped Boy Found.

A gentleman from Sturgis' Ky., was here the first of the week in search of his nephew, a ten year old lad, who disappeared from that place last Sunday, being abducted while at Sunday school. The boy's parents separated years ago, and for four years past he had made his home at his uncle's. The woman, Mrs. Carrie Boaz, has been in this vicinity for some time, and last week was married in this place to Riley P. Viskers, who resides on W. H. H. Whitlock's place over in Raleigh township. The mother being suspected of abducting the boy, the gentleman, accompanied by Deputy Sheriff Lockwood, visited her home, where the boy was found. The mother refused, however, to give the boy up, and as the man had no legal authority to compel her to yield possession he departed as he came. We understand the father of the boy will be appealed to, in which case the boy will probably be back to Kentucky.—Harrisburg Chronicle.

## EARLINGTON PUBLIC SCHOOL.

Miss Bourland Will Preside Over the Institution in Its Splendid New Building.

ALL THE FORMER TEACHERS WILL PROBABLY CONTINUE.

At a meeting of the Earlinton School Trustees on Monday it was finally arranged that Miss Minnie Bourland should christen the handsome new public school building as its first principal when it is occupied for the first time at the opening of the fall term. The trustees are not prepared to make full announcement as to plans for the coming season, but the probabilities are that the full corps of old teachers will retain their places for the next year. The building is nearing completion and will be in best condition to accommodate all comers on the opening day. Many new pupils are sure to enroll on account of the move into the modern, comfortable and roomy quarters that will be ready to receive them. The trustees and the principal promise to make every possible effort to make the school all that the conditions will warrant.

### CAUGHT IN A WHEAT BIN.

Boy Suffocated in an Elevator at Seebree, Ky.

The body of Herman Edwards, 14 years old, son of Dr. C. L. Edwards, of Seebree, Ky., was found in a wheat bin in the grain elevator of J. B. Ramsey Thursday afternoon. He and a son of Mr. Ramsey had gone into the elevator. In a few minutes, the engineer says, the Ramsey boy came running back to his father, saying that Herman had gotten his foot fast in the bin, but not being able to find the boy, he returned to his engine, concluding that he had gotten out and gone home. A further investigation revealed the body in the chute at the bottom of the bin, and in a few minutes the lifeless remains were removed. The mass of grain had rushed down upon the boy until death resulted from suffocation.

Louis Landram, of Lancaster, has the following to say in the last issue of the Record:

To our exchanges: Please print across the front page, in red ink, the edict that positively no one but bona fide editors and publishers will be admitted on the press trip this summer. The railroads are the ones who insist on this, it's not the members of the association at all. It's very embarrassing to turn down people at these meetings, but it must be done, or the railroads positively will not issue transportation. "I own the paper up home," or "I write most of the copy for Jones, the editor up home," will not go with the railway people any more. As one of the committee on credentials, we ask the papers to call attention to this fact.

Caution! This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1887 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Rosche's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectation and coughing during the nights and mornings, there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 cents. For sale by St. Bernard Drug Store.

Itching, Burning Palms, Painful Finger Ends, With Brittle, Shapeless, Discolored Nails,

As Well as Roughness and Redness,

## ONE NIGHT TREATMENT

Soak the hands on retiring in a strong, hot, creamy lather of Cuticura Soap. Dry and anoint freely with Cuticura Ointment, the great skin cure and purest of emollients. Wear during the night, old, loose kid gloves, or bandage lightly in old, soft cotton or linen. For red, rough and chapped hands, dry, fissured, itching, feverish palms, with brittle, shapeless nails and painful finger ends, this treatment is simply wonderful, frequently curing in a single application. In no other way have Cuticura Soap and Ointment demonstrated their astonishing curative properties more effectively than in the treatment of the hands, especially when tortured with itching, burning and scaly eczema.

Complete local and constitutional treatment for every humor of the skin, scalp and blood, with loss of hair, may now be had for one dollar. Bathe freely with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation and inflammation, and soothe and heal, and, finally, take the Cuticura Resolvent Pills to cool and cleanse the blood. This treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning and scaly humors, and points to a speedy, permanent and economical cure of torturing, disfiguring humors from infancy to age, when all other remedies and the best physicians fail.

A Sure Thing. It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. Van Metre, of Shepherdstown, W. Va., says: "I had a severe case of Bronchitis for over a year. I tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery cured me. It is absolutely reliable for Croup, Whooping Cough, Grip, Pneumonia and Consumption. Try it. It's guaranteed by St. Bernard Drug Store. Trial bottles free. Reg. sizes 50c and \$1.00."

Miss Celeste Moore Entertains. Miss Celeste Moore entertained the Tennis-Finch club at her residence on Main street Saturday night. The full membership of the club were in attendance and a pleasant time was experienced. After several games of progressive finch were played delightful refreshments suitable for the occasion were served. The guests departed at a late hour conscious of having spent a pleasant evening.

Mortons Gap and Madisonville crossed bats on the latter's diamond yesterday afternoon. The score stood 12 to 14, in favor of the Gap, with one inning to be played by Madisonville when the rain stopped the game.

Wanted. We would like to ask, through the columns of your paper, if there is any person who has used the August Flower for the cure of Indigestion, Dyspepsia, and Liver troubles that has not been cured, and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, dependent feelings, sleeplessness—in fact any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries and we are sure to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 50c bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 50c size has just been introduced this year. ### THE RUNSELLER'S SIGN.

I will paint you a sign, Runseller. And hang it above your door. A truer and better sign-board Than you ever had before. I will paint with the skill of a master. And many will praise to see This wonderful piece of painting So like the reality.

I will paint yourself, Runseller. As you wait for the fair young boy. Just in the morn of manhood. A mother's pride and joy. He has no thought of stopping. But you greet him with a smile. And you seem so blithe and friendly That he pauses to chat awhile.

I will paint you again, Runseller. I will paint you as you stand With a foaming glass of liquor Holding with either hand. He wavers, but you urge him. "Drink! Pledge me just this one." And he lifts the glass and drains it. And the hellish work is done.

And I next will paint you a drunkard. Only a year has flown. But into this loathsome creature The fair young boy has grown. The work was quick and rapid: I will paint him as he lies In a torpid, drunken slumber Under the wintry skies.

I will paint the form of the mother As she kneels at her darling's side. Her beautiful boy that was dearer Than all the world beside. I will paint the shape of a coffin. Labeled with one word, "lost." I will paint all this, Runseller. And paint it free of cost.

The sins and the shame and the sorrow. The crime and want and woe That is born there in your rumshop No hand can paint, you know. But I'll paint you a sign, Runseller. And many shall pause to view The wonderful swinging sign-board. So terribly, fearfully true.

That Office Call Again. That mischievous office call charged up some of our copy again last week and scratched "some more" to pieces. That what we wanted to tell the readers of THE BEE may be clearly understood, we will reproduce the statements though at the risk of appearing trite.

"It is the apathy, the indifference of the Christian church that makes the licensed saloon possible. Whenever the church is aroused to a sense of its fearful responsibility and the members have the courage to vote as they pray, the liquor traffic is doomed."

The Home Secretary of the great German empire was the presiding officer, at the late Anti-Alcohol Congress held in Bremen.

In a rum-cursed city like Chicago, it is quite a source of comfort to know that so many lines of reform are being carried on by God's noble men and women. One of these is the Frances E. Willard Settlement which includes the Bethesda Day Nursery and Kindergarten.

In their latest annual report it is shown that 2,639 infants have been cared for during the year, and 5,178 children under 6 years of age. The settlement was a great refuge for the poor women who had no fuel during the extreme cold days of the

winter. It is at all times a blessing to the little children whose mothers are forced to go out to work to support their families. Here they are cared for, taught and fed from 7 o'clock in the morning until 7 o'clock at night, when the tired mothers call for them on their way home from work.

### Why Is This?

A society was recently organized at 133 Dearborn street, called the Chicago Bartenders and Saloonkeepers' Total Abstinence Society, with sixteen charter members. Wm. H. Dargan, who has been in the liquor business in Chicago for thirty years was elected president. In his address he said, "If the man behind the bar drinks with one man he must drink with all. He must either be a total abstainer or ultimately become a drunkard."

From statistics presented at the meeting it was shown that fully one-third of the bartenders and saloonkeepers will not employ a man who drinks at all.

Why? we are inclined to ask. If beer is the healthful drink it is said to be, why abstain? If alcohol is a food nourishing the body, as the friends of the traffic claim it to be, why abstain? We never hear of grocers organizing and requiring a pledge from their employees not to use flour, nor vegetables, sugar and salt; then why does the saloonkeeper discriminate against his own wares? Ah, that's the question. Blind are they who can not see.

"Wine is a mocker. Strong drink is raging and whosoever is deceived thereby is not wise."

From a bushel of corn the distiller makes four gallons of whiskey which retails for \$16.40. The farmer who raises the corn gets from twenty-five to thirty cents.

The United States government through its tax on whiskey gets \$4.

The railroad company gets \$1.

The manufacturer gets \$4.

The drayman who hauls the whiskey gets fifteen cents.

The retailer gets \$7.

The man who drinks the whiskey gets drunk.

His wife gets hunger and sorrow.

His children get rags and scanty food.—Wienita, Kan., Beacon.

The city of New York has 11000 licensed places where liquor is sold, not including the drug stores. Each place has its proprietor and from one to seven bartenders. Putting the average at three men at each bar, gives an army of 33,000 men engaged in the business of injuring their fellow men.

Eleven thousand of these are proprietors who are clearing from \$2000 to \$100,000 a year. Taking \$2500 as an average income, gives a total of \$27,500,000 a year. Suppose the average salary of a hired bartender is \$2000; 22,000 bartenders would earn \$44,000,000, which is \$16,500,000. The present license costs the dealer \$7,500,000 which added to the salaries gives \$27,500,000. Rents amount to \$11,000,000. Adding this gives \$38,500,000 all of which must be paid for by the patrons. Assuming that the proprietors make an average profit of only 50 per cent, the patrons must pay the wholesale dealer

an average of \$55,000,000. The grand total amounts to more than \$100,000,000. It is this sum was invested in groceries, boots and shoes, dry goods, carpets, furniture and the like, what an impetus would be given these lines of trade and what comfort would surround the home instead of the heartache and tears that now hold sway.

### Gun Club Shoot.

Out of 25 birds the following score was made Thursday:

Renfrow	21
Barter	19
Rogers	16
Griffin	15
Keown	15
Chatten	13
Robinson	13
Morgan	8
Stock	8
Bourland	6

### GUN CLUB NOTES.

Dr. Renfrow was seen a few nights ago, after a long business absence had closed, sitting in front of Barter's jewelry store, looking as if he was in trouble. A friend went to him and said, "Doc, what's the matter?" "Oh, nothing," he said, "I was just sitting here so people could see I had the medal again this week."

Henry Bourland was beginning to think himself somewhat of a shot until last Thursday, when he did not do so well. Henry says they went the wrong way for him. We think so, too, Henry.

Dr. Chatten says anyone can win the medal next week as all the good shooters went fishing, including the Doctor.

Joe. X. Taylor says he would certainly be proud if he could only win the medal one time. You will never win it, John X., if you don't shoot better.

Will someone please rise up and explain why a good shot like Mike Long does not attend the club?

Henry Rogers shot with the boys Thursday and Friday afternoon. He says it is no trouble for him to hit them. Come again, Henry.

W. G. Barter says he don't see how it is that he couldn't win the medal two weeks, as he is a better shot than Doc.

Morgan, who made a record of 18 last week, made the same Thursday, less ten.

### An Exciting Runaway.

Saturday afternoon a team belonging to W. S. McGary became frightened while standing in the alley waiting for a load of ice and dashed madly up the alley running over a cow belonging to the Victory Sisters.

On reaching the street the frightened team turned toward the railroad and on reaching the crossing ran into a moving freight train. The tongue of the wagon penetrated the side of a box car loaded with corn and remained fast dragging the horses along. In their efforts to get away one of the horse's legs got over the track and was run over and cut off by the wheels. The horse was killed to prevent unnecessary suffering. The other horse was uninjured as was the wagon. The cause of the runaway was a small boy with a little wagon running up behind them.

## GALLATIN MAIL CARRIER

### RESIGNS HIS POSITION.

Act of Intimidation Not Endorsed by People Along Route.

SERVICE WAS RESUMED AT ONCE.

Washington, May 22.—Postmaster General Payne has ordered the immediate resumption of service on the suspended rural free delivery mail route at Gallatin, Tenn. The resignation of John G. Allgood, the negro carrier, who was intimidated and who refused to resume work, has been accepted and the civil service commission has been called upon to certify a carrier to fill his place.

The postmaster general gave out the following statement regarding the case:

"In the case of John C. Allgood, rural free delivery carrier, an investigation was made by Inspectors Conger and Bains. From their report it appears that the carrier was stopped by two men and warned not to continue in service. The papers in the case show that this lawless act is not approved by the people living on route No. 1, or by the people in that vicinity and that the persons guilty of the act are alone responsible. It is believed by the inspectors that Carrier Allgood can resume the delivery of the mail on this route and as evidence of this fact it appears that a neighboring route is now being served by a colored man.

"Under all the circumstances the department is not disposed to hold the people on route No. 1 responsible for the act of the two men referred to, and it would be unjust to deprive them of their mail facilities under the conditions.

"It is therefore ordered that the resignation of John C. Allgood be accepted and service on the route be resumed at once."

The postmaster general stated that the civil service commission certifies only one name to him and that person will be appointed regardless of color.

### TRYING TO RID THE VALLEY

#### OF NON-UNION MEN.

Union Men Have No Grievance Only That They Don't Own the Earth.

Knoxville, Tenn., May 25.—Contrary to expectations, not a union miner in the Coal Creek region returned to work today. Four hundred union men again entered on the property of the Tennessee Mining Company, and not a man employed by that company, which uses non-union labor, went to work. The only mine running in the entire district is that of the Knoxville Iron Company, which employs non-union labor.

President Bowden, of District No. 10, United Mine Workers, and Joe Vessner, member of the National Board, are now at Coal Creek, and the operators employing union labor hope that they will induce the men against which they have not the slightest grievance so far as known. Thirteen hundred men have been out since last Friday, their object being to rid the valley of non-union men.

### MEMORIAL SERVICES

Conducted at Princeton By Madisonville Commandery of Knights Templars.

TRAVELLED ON SPECIAL TRAIN.

Madisonville Commandery, No. 27, Knights Templar, went to Princeton Sunday on a chartered train and held memorial services over the grave of a departed member, Chas. E. Coleman. By special invitations several members of St. Bernard Commandery, No. 29, joined the party here and took part in the exercises at the grave. Several friends of the Sir Knights also made the trip from Madisonville, Earlinton and Merton Gap. There were something like sixty, all told, in the party. On account of a wreck on the Illinois Central, near St. Charles, the train was delayed and did not reach Princeton until about four o'clock, two hours after the time appointed. Chief Train Dispatcher Allen Jorgensen and Agent Harrison, of Nortonville, did everything possible to reduce and make pleasant the delay on that road. The train stopped for dinner at the Arcadia Hotel, Dawson Springs, and took supper at Dawson on the return trip. Services at the grave were conducted by Prelate E. L. Hendricks, of Madisonville, and the grave decorated with flowers. The Madisonville male quartette sang beautifully appropriate music.

After the services the party visited the new lodge rooms in the building owned by the Princeton Masons. These compare quite favorably with the handsome quarters owned by the Earlinton Masons, and the Princeton people have cause to be proud of their building and equipment.

The Earlinton Sir Knights who went to Princeton are Carl Woolfolk, N. I. Toombs, F. B. Arnold, J. Will Robinson, Paul M. Adams, Geo. O. Toy. The Master from Madisonville was in charge of Conductor C. B. Moody and Engineer Frank Glanville.

### TROOPS FOR JACKSON.

Governor Beckham Orders a Strong Guard to Protect Court and Witnesses.

Frankfort, Ky., May 22.—After a consultation with Judge D. B. Redwine that lasted nearly two hours, and at which the situation in Breathitt county was thoroughly discussed, Gov. Beckham decided to order out 100 men of the State Guard under Col. Roger D. Williams, of Lexington, to go to Jackson to aid in the enforcement of the law at the special term of the Breathitt Circuit Court, which was called by Judge Redwine to begin Monday, May 25.

Since it became known that Judge Redwine would ask for troops to protect the witnesses in the investigation of the assassination of J. B. Mearcum and others at Jackson, nearly all of the militiamen in the State have manifested a desire to be sent to Jackson, and it proves a keen disappointment to many of the boys that they are not allowed to go.

# Easy Pills

Easy to take and easy to act is that famous Little Early Riser. This is due to the fact that they tonic the liver instead of purging it. They never grip nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fever.

And Be Governed Accordingly.

Gossip has made many a hell on earth. It has sullied the character of many a noble and innocent man and pure and respectable woman. It has made enemies of life long friends, parted lovers and divorced man and wife. It has filled many a life with misery and hatred, mistrust and suspicion.

The tongue of gossip drips a subtle poison, which slowly and secretly eats its way into the vitals of man's character, and blights his or her regard for the truth, for honesty and forbearance, and any of the noble virtues that distinguish the gentleman from the poltroon, and the high bred lady from the haggling market woman. Gossip is the open door to slander and slander is the murderer of character and good name. Take care then how you gossip.

WHAT IT COSTS  
To Save a Soul in Various Denominations.  
During a meeting of the Indianapolis Christian Ministerial Association held recently statistics were presented showing that it costs the Presbyterian church \$218 for every soul saved; the Congregationalists, \$279; the Baptists, \$50, and the Christians, or Disciples of Christ, \$4.89. These statistics were presented by B. L. Smith, national secretary of the American Missionary Society.

Dividing the cost up among the members of the church mentioned, the Presbyterians pay per member \$1.18 per soul; the Congregationalists, \$1.06; the Baptists, 54 cents, and the Christians 7 cents. The inference follows that the Disciples work along more economical lines and yet are more effective.—Wayne County Press.

A Little Early Riser  
now and then, at bedtime will cure constipation, biliousness and liver troubles. DeWitt's Little Early Riser are the famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days there will be no return of the complaint.

## SOUVENIR BUTTONS FREE.

One Given to Every Person Sending in Ten Votes in the School Teachers' Popularity Contest.

Acting on the suggestion of numerous educators of the State, the Kentucky Exhibit Association has determined to give a souvenir button, the regular price of which is \$1, to every person who casts 10 votes in the School Teachers' Popularity Contest, or forms a club of 10 and thereby casts 10 votes.

The plan of the Association to send the 125 most popular teachers in the State—one from every county, two from the county, outside of Jefferson, casting the largest number of votes, and five from Louisville, because it has 40,000 school children—to the World's Fair, with all expenses paid, has started off well and gives promise of proving a big success, but as it and the sale of the Souvenir Buttons are for the same purpose—raising money to erect the Kentucky building at the exposition—it is natural that the two schemes should be worked together.

Remember, then that every 10 votes cast in the contest entitles them to a souvenir button free. Remember, too, that the purchaser of a souvenir button may cast 10 votes in the contest, without any additional expenditure.

A Startling Test.  
To save a life, Dr. T. G. Morrill, of No. 1400 Broadway, Pa., made a startling test resulting in a wonderful cure. He writes, "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles. I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. The Wastes of the Body.  
Every seven days the blood, muscles and bones of a man of average size lose two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs actually perform their function, the strength lets down, health gives way, and disease sets up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures Indigestion, Dyspepsia and all stomach troubles. It is an ideal spring tonic.

Isaac Keeping of Blytheville, Ark., says for the benefit of readers who may be afflicted as I was I will tell you the merits of Hill's Anti-Malarial Tablets, they have never failed to cure the chills on my children, they have given them a good appetite and have kept the rest of their bodies in good health. I have used them for bad blood; good success. I carry a box in my pocket, they are convenient and cheap and come nearer being a cure-all than any medicine I ever knew of. Letters like this from all over the United States are quite convincing of their merits. Price 25 cents; at all dealers in the country.

# BUDS AND FLOWERS OF HOME LIFE.

Paine's Celery Compound Makes and Keeps the Children Well and Strong.

Mothers Make It the Home Medicine For the Little Ones.

The children, God bless them, are the buds and flowers of our homes. Without their health and hearty laughter, our homes would be desolate. They should ever be carefully tended in childhood and youth, if we expect them to ripen into perfect men and women. In the home and at school, the children have their times of ill health and suffering. We observe the pallid and bloodless cheeks, heavy eyes, nervous movements, and twitches of limbs and muscles. They complain of headache, drowsiness, weariness, dizziness, and indigestion. All such symptoms and ailments mean that the seeds of disease will have a fast and firm hold, unless proper measures are taken to restore a perfect condition of health.

Thousands of wise and prudent parents have made their children happy, healthy, and vigorous by giving them Paine's medicine, Paine's Celery Compound. In many severe and complicated cases, Paine's Celery Compound has made the child who has been given up by physicians.

If your dear ones are not as hearty, strong, and rugged as they should be, let the life giving virtues of Paine's Celery Compound. It makes and keeps the children well.

### THE SULTAN AND THE SEA.

A New Version on Morocco's Shore of the Old King Canute Legend.

On the fifteenth day we left our last inland camp for the seashore, the sultan envious of those who could gallop to the water's edge before him. He rode along quietly enough, checking his impatience, until a narrow ribbon of blue burst into view above a stretch of sand dunes, when he communicated his feelings to his horse, urging him to a faster pace. This pace increased until it carried him up to and over the sand into the sea. He was obliged to halt there. The sea refused to roll back, and his horse would go no further. It was a heart stirring scene, and at the time, although the old tale of King Canute came to my mind, I was under too great a magic spell to smile at the similitude.

There was grandeur in that straight figure in glistening white, sitting so majestically in bewilderment upon his restive steed, contemplating the billows as they gathered themselves and closed in on the shore, racing under him up the sandy shore, to slip back and leave a great expanse of polished strand. The stretch of sand leading to the long sand hills swarming with white clothed Arabs and many-colored standards, wedging their brilliance into the sky, held me enchanted.

The sultan's very embarrassment made it all the more impressive, and he looked the absolute monarch, unapproachable, who never smiled or joked, and never loaded plain on canvas. No; this was Mulai Abd-ul-Aziz, the sultan. Never before did it seem so incredible that I was, day after day, rubbing shoulders with this inaccessible man.—Arthur Schneider in Century.

### MARSHAL JAMES OBJECTS TO JOURNEYING TO ORIENT.

Controversy as to Where Smuggled Chinamen, Now at Paducah, Are to Be Delivered.

(Louisville Herald.) United States Marshal James will only go as far as San Francisco with the Chinamen now at Paducah, charged with being smuggled into this country, if they are found guilty and have to be deported.

An interesting controversy has arisen about this trip, some claiming that a marshal would have to go all the way to the Orient, others that he would be able to turn the almond eyes over to the Immigration Inspector or some other official at San Francisco, providing he was responsible for their proper deportation.

### JETT AND WHITE ARE INDICTED.

Troops at Jackson Render the Grand Jury's Work Effective.

Jackson, Ky., May 25.—That the presence of troops at Jackson has had some effect in aiding the processes of the Breathitt Circuit Court was demonstrated this evening, when at 6 o'clock the special grand jury impelled to investigate the murder of J. B. Marcum returned a joint indictment against Curtis Jett and Tom White, charging them with the murder. The indictments were returned after the examination of seven witnesses, some of whom, it is safe to say, would not have testified had not protection been offered by the troops.

The witnesses examined were B. J. Ewen, the man who was talking to Marcum when he was shot; John E. Patrick, S. S. Taubee, proprietor of the Arlington Hotel; W. H. Blanton, County Attorney; J. J. C. Bach, who was across the street when the murder was committed; Price Landrum, Deputy Circuit Clerk, whose office is in the courthouse, and John Freeman. The testimony of each witness was written out by Commonwealth's Attorney A. F. Byrd in "long hand" and each witness signed his testimony.

Curtis Jett, who is in jail at Winchester, will be brought to Jackson tomorrow by Elizer Charles Little, and a detail of five militiamen, who will go to Winchester on a morning train for the prisoner and return on the Lexington and Eastern train, arriving here at 6 o'clock in the afternoon.

Tom White was arrested at his home, fifteen miles southwest of Jackson Tuesday. Special Deputy Sheriff J. B. Little and six militiamen, mounted on the best horses procurable, raced across the mountains and captured him.

The soldiers were armed to the teeth, and as White was considered a desperate man every effort was made to quietly surround him and get the drop on him before he knew what was wanted.

### RAILROAD RUMOR.

Claim That T. C. Has Been Secured by L. & N.

Chattanooga, Tenn., May 24.—It was stated yesterday afternoon by a prominent official of the Louisville & Nashville that the company had purchased the Tennessee Central all the way from Clarksville to Harriman. It was said by the official with the understanding that his name should not be used, that the Tennessee Central was purchased before president Jere Baxter resigned. He said:

"The physical connection now being made at Nashville between the two roads is an element in carrying out the deal. The construction of the Tennessee Central into Harriman and the construction of the Louisville & Nashville from Oliver Springs to Harriman Junction is the closing up of the loop between Knoxville to Nashville and Clarksville."

H. E. DeJarnatt, Henderson Division time-keeper in Mr. Walsh's office, received a telegram last week which offered him a position as chief clerk with the M. & O. R. R. in Master Mechanic J. F. Enright's office at Whistler, Ala. Mr. DeJarnatt does not believe in being too hasty in arriving at conclusions, and especially in a matter of this kind, and asked to be given a little time to look over the situation and consider before accepting. Having been in railroad business a long time he is fully competent to fill such a position and we hope he will get it.

Air-brake Instructor Walter Jarrett has been promoted to foreman of the rod gang in the machine shop at Howell. Walter is one of Mr. Walsh's own make, having served his apprenticeship under him, and is one of the attentive kind, who are always deserving of promotion.

Miss Salina Lillcrap, daughter of Seale Repairer E. J. Lillcrap, will leave for England the last of the month.

Bakers Hill Fireman J. E. Johnson and wife are visiting at Elkton.

C. H. Felsted, boiler maker, and son, went to St. Louis last week.

John R. Benton, who was fireman on the H. D. several years ago, has made application for re-employment in that capacity. There is something about the Henderson Division that draws the boys back.

George Thompson, one of the paint shop boys, and his daughter, Nellie, are visiting at Ridgetop for a few days.

Work on the new round house at Howell is progressing nicely.

An attempt was made to break into the Company's ice house at Howell one night last week, the hap on the door being tried off.

It is hinted that F. W. Davis, one of the youngest machinists of Howell shops, will be married soon.

Traveling Fireman L. C. Smith is making preparations to move to Howell, where he has purchased property.

Switch engine 1196, which was sent away some time ago, has been returned to Howell.

If business is not too pressing Mr. Walsh will, for the first time in many years, attend the Master Mechanic's Convention to be held at Saratoga Springs in June. Mr. Walsh is one of the oldest members in the association. He will accompany his two sons, F. O. and W. C., who are master mechanics with the Atlanta & West Point, at Montgomery, Ala., and Southern Indiana, at Bedford, respectively.

St. Louis Division Fireman

Chas. Mack took a sudden notion to resign last week.

Conductor B. B. Hackney and Engineer Coggins left Earlinton 4th 07 May 21st 10 minutes behind Conductor Hawes, at South Diamond Hackney sent Hawes a letter with a banana peeling in it saying "he hoped that would help him to slide over the road and get out of his way." Hackney picked up at South Diamond and then doubled every hill between Earlinton and Nashville. Conductor Hawes went into Nashville 4 hours and 10 minutes ahead of him. The banana peel was effective.

Some of the boys are saying Engineer Stokes and Conductor Hawes are so slow they cannot keep the wagons from running into them.

Engineers are neglecting to sound the whistle at Stark's Rest, as per instructions in time card. This rule must be complied with in the future.

Engine Inspector McMann, of Howell, was killed in Howell yard Saturday about 10 o'clock, it is supposed, and was not discovered until 2 o'clock in the afternoon. It is not positively known how he met his death, but some shop cars were thought to have been rolled down on him while he was under them.

Joe Cook has accepted a position as switchman in Howell and has moved his family to that place.

The residence of Conductor C. C. Shelton, of Nashville, was partially destroyed by fire Saturday. The loss is said to be covered by insurance.

Some of the engineers say Conductor Hackney always wants water at Sulphur Fork. Wonder why?

Some of the R. R. boys are going to show up a good record in the Mid-Summer edition of The Bee that will compare favorably with any R. R. in the United States.

Don't forget to send in your photographs as soon as possible; we will need them in a short time, and the sooner they are in this office the better it will be for all concerned.

It is not the hardest looking railroad man that has the hardest heart.

Engineer Billie Griff and the 107 made a good run on 92 Sunday morning.

Sam Branch is alright; there are no flies on Sam. He handles an engine with as much ease as any man on the L. & N.

J. M. Canaler will soon be promoted to conductor. He is filling out form 71 this week.

Engineer Jimmie Long and Conductor Chapman had the misfortune to mash up caboose 269 at Hopkinsville Monday night. Accidents will happen on the best regulated railroads.

Brakeman G. E. Knox who has been visiting relatives in Knoxville, Tenn., returned home Monday and is now ready for duty.

Hub Bateman and Ed Beall two of the popular freight men went out on a late 53 Tuesday morning.

Danny Reddy the fireman who was injured in Earlinton yard about two months ago passed through Tuesday on his way to Nashville. Dan will be able to resume duty in a short time.

Brakeman Charley Martin is now on the north end turn regularly.

Brakeman Miles Cannon was the lucky man and drew the fine shot gun raffled off this week. The gun is a late improved hammerless and well worth \$40.00.

Dispatcher Jack Martin has been off a few days on account of sickness in his family.

Chief Dispatcher E. L. Wise is contemplating taking a few days rest in the near future.

Dispatcher Willie Griffin will lay off a few weeks during the hot weather.

## MINING NOTES.

A jury made Lindie, McIntosh and Ed Johnson free men and established law and order in Hopkins county once more. But the U. M. W. are not happy. A committee waited on the Governor, headed by Jim Wood, and demanded the recall of Judge Julian after the trial had commenced. It seems Wood & Co. wanted to name the judge, jury and verdict—the usual cheek and gall of the U. M. W. Well, Judge Julian conducted the trial, the jury rendered the verdict and the silly appointed committee had its trip to Frankfort and return. It would be interesting to know how much the "expense account" was charged for this outing.

### How They Do It in Boston.

Boston, May 23.—"The fact that you are out on a strike is no excuse for not paying your bills," said Judge Kennedy, in the Newton Municipal Court this morning, to a delinquent debtor, who had failed to obey the order of the court to pay \$2 a week on an old account. The man is a carpenter, and gave as his reason for neglecting to do as the court had ordered the fact that he was out on a strike.

"There is plenty of work for men of your trade," continued the Justice, "and if you choose to go into a union and throw yourself out of employment you must not bring that to me as an excuse for not paying your bills. If you wish to keep out of jail I should advise you to go to work at once."

How quickly the U. M. W. witnesses who swore lies to commit Lindie left the town when the verdict of acquittal was brought in.

Now that the trial is over, how numerous are the men who "know that Clark fired the first shot." What good(?) citizens they are to let an officer be tried for his life and no effort made to tell the court the truth.

Henry Jenkins, a member of the U. M. W. and working at Oakland City, Muhlenberg county, was summoned as a witness for Lindie. He came and told the truth on the witness stand as was his duty as a citizen. When he returned to his home he was notified by the U. M. W. that he must leave at once and was driven from his work and home because he told the truth. Such is this great organization in Kentucky. What can be expected of it, when its chief officers are on record in the courts that they will swear lies all day that justice may be defeated.

### St. Bernard Commandery No. 29, Knight Templars

Will have a full brass band within its ranks. The members composing this organization are all experienced musicians and this addition to the already famous "Baby Commandery" will place it second to none. The band will be composed of the following Sir Knights:

D. M. Evans, Elsworth Evans, David Cowell, Henry L. Browning, Walter McGary, Chas. Webb, Ed J. Phillips, Jesse Phillips, Geo. P. Farnsworth.

## SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

## RAILROAD MEN'S VOTING CONTEST.

THE BEE is getting up a voting contest for the handsomest and the ugliest railroad man on the Henderson Division. Each new subscriber or each old subscriber who pays \$1 for THE BEE for one year is entitled to 10 votes for either one. There will be two prizes. The first will be a handsome picture, of W. F. Sheridan, 28 by 40, worth \$15. The second prize will be a handsomely bound volume of Tennyson's complete works, also worth \$5. Anyone who is now or may become a subscriber to THE BEE is entitled to 10 votes for each dollar paid in. The contest will close June 30, and the result of the voting will be made public from time to time in THE BEE. Send in your subscriptions this week and begin voting for your favorite by cutting out the blank votes published in each issue.

## GERMANY'S BUILDING AT THE WORLD'S FAIR.

A Reproduction of Old Castle Built by Frederick I, of Prussia.

The plans for the German National Pavilion at the World's Fair, St. Louis have been completed and submitted to the Director of Works, Isaac S. Taylor, for approval. It has been the endeavor of the German Government to keep the architecture of the building in harmony with the Exposition buildings in the immediate vicinity. The pavilion will be a fairly accurate reproduction of the Central portion of the royal castle at Charlottenburg, near Berlin. This old castle occupies a conspicuous place in the history of German architecture. It was built about the end of the 17th century for and under the direction of Frederick I., first King of Prussia. The castle was designed by Andreas Schluter, the greatest German architect of that period.

The architecture of the Charlottenburg Castle is imposing. The main facade is in two stories, crowned by an enormous stilted dome. The facade of the first floor is in rustic stone. The second floor is ornamented with engaged Corinthian columns. In the center of the facade is a projecting bay crowned by a beautiful classic pediment.

The drum of the dome, which is also surrounded by a Corinthian engaged colonnade, is higher than one of the stories of the building. The base of the dome is broken by six bull's eye windows and is crowned by a towering lantern surrounded by a sculptured figure.

In the pavilion the ground floor will be used for reading, writing, office and reception purposes. The second floor has been set aside for purposes of representation. It will embrace all actual reproduction of the state rooms of the Castle of Charlottenburg. These rooms will be fitted up with precious old furniture, Gobelins, and alive ornaments, the products of bygone days. In a separate building but with connected with it will be a restaurant and a "Knollplatz" a combination of smoking room, drinking room, restaurant and fraternal society lodge room. This subsidiary building will harmonize completely with the architecture of the main structure and will be connected with it by an alley.

## WHEN LIQUID AIR IS SOLD

Is Delivered in Berlin for Thirty-Five Cents a Gallon.

Liquid air is delivered in Berlin two liters (628 gallons) at a time for about 35 cents. In a recent issue of Energie, of that city, it is stated that the receptacles are made of glass with double walls, the space between the walls being filled with an insulating material, the walls being silvered to prevent radiation of heat and the whole enveloped in an insulating material. They retain their temperature for fourteen days. Several drops in a glass of water produce freezing, and it is intended for such uses as refreshing drinks and improving the condition of the air in sick rooms.

## AN ARMY OF MEN

Made Idle by Strikes in New York City. Loss of Nearly Four Million Dollars Per Week.

New York, May 25.—There are 150,000 idle men in New York City, notwithstanding the fact that every line of business is booming in the city. These men but for strikes, lockouts and dissensions among rival labor unions would be earning a total of \$600,000 a day or \$3,000,000 a week.

Not only is every penny of this stupendous sum lost to them, but industries and firms representing a total capitalization of \$500,000,000 are at a standstill, with a consequent loss of profits.

The trade paralysis here has reached a stage more extensive than any heretofore known, even during periods of great industrial depression.

Most of the workmen are idle, not for any act of their individual unions, but for the acts of other unions or because the recent decision of the employers to stand together and fight the demands of one union by throwing the workmen of many unions into idleness.

How could C. Oliver Iselin continue to be famous if Lipton were to quit challenging for the cup?

Flemingsburg, Ky., May 25.—Attorney General Clifton J. Pratt was here today in the interest of his candidacy for the Republican nomination for Governor. He addressed a large-sized audience at the Courthouse this afternoon and made a good impression.

The race question is a serious one, but the "coon" song problem is a far more serious one and far more difficult of solution.
